Be Aware !

- **FLOW RATE** - Takes precedence over River Conditions Board colour **CHECK FIRST**

Flow Rate & River Levels: <https://www.gaugemap.co.uk/#!Map/Summary/1249/1382> (Kingston Gauge)

River Conditions: <http://riverconditions.environment-agency.gov.uk/>

- **YELLOW & RED BOARDS** - Only 3 crew members per boat & ultimately crews go out at their own risk

- **RED BOARDS** - Crews **must** collectively complete a Risk Assessment Form before agreeing to boat, considering such factors as:

- | | | |
|-------------------|-------------------|---------------------|
| - Crew Strength | - River Flow Rate | - Water Temperature |
| - Water Condition | - River Height | - Weather Forecast |
| - Wind Condition | - Next High Tide | - Air Temperature |

- Turn well clear of weir, bridges, islands & other obstacles at all times

- Crews ignoring **any** of these rules are personally liable for damage, 3rd party claims & risk expulsion from the Club

IF IN DOUBT DO NOT GO OUT
